1. Comptroller
7C21 Hqs Bldg.

Dan:

I see that appears to be aware of the contents of this memorandum, but, nevertheless, I want to make sure a copy is in your hands.

With respect to paragraph 2 and the Day Care Center, I find that I have been quoted in a variety of ways. Before I went on leave I discussed the topic with the DDCI. I took the position that the Day Care Center is part of the benefits package that we aim to provide our employees. He agreed. I advised him that just as the New Building had slipped, the construction of the Day Care Center would slip. I said that competition for funds was high and that there is a huge pile of dirt on the site where the Day Care Center is to be built which prevents us from doing anything in the short run. We agreed that the model of the proposed Day Care Center should be displayed in the front hall of this building. We then discussed the possibility that there would be demands for a Day Care Center at Reston as well. The DDCI said that the first Day Care Center should be erected on this Compound, then we would look to Reston. He then observed that the funding of the Day Care Center, if it came to attacks, should be prorated among the Directorates, not just left to the DDA to fund.

NOTE FOR: Director of Personnel

STAT

FROM:

Deputy Director of Personnel for
Employee Benefits and Services

Bob,

1. Because of my absence on APC matters in California, I thought you should be aware of the results of the recent meetings with Department of Labor (DOL) and Office of Personnel Management (OPM). The following provides a summary of each meeting for your information.

a) DOL meeting regarding internal administration of Workers' Compensation claims--The meeting was successful in that we got DOL to agree that we would not have to pay a charge back for 1986 expenses in FY-1988. Thus, we will save the Agency [redacted] in FY-1988. This arrangement will only work till FY-1989 when we will have to budget for the charge back and existing expenses. [redacted] of the Comptroller's Office said that this would not be a problem in FY-1989. Agreement was also reached that we would bring the files in house 1 January 1987 and that specific procedures would be worked out once [redacted] (IOD) returns from his training at DOL. All in all, I believe we got the best deal possible. Recognizing that DOL was intent on getting the Agency to pay its own fare as is the case for all other Federal agencies.

b) Meeting with OPM on internal administration of retirement programs--While [redacted] will be giving you a more detailed brief of OPM's meeting, I was also overwhelmed by their pleasantness and willingness to help us in our venture. OPM representatives ensured that names of individuals was not their concern and that aggregate dollar amounts was their principal concern. We will be working together on the regulations and, in fact, they welcome the prospect of learning something from us about how to implement. We will be working side by side on this venture. At this time, it appears that we are well on our way with OPM to satisfy the 1 January 1987 effective date. They were very understanding that we have a deadline to have the committees approve our regulations prior to the date they will finish theirs. I was pleasantly surprised that we made so much progress at the initial meeting. We will now have the workers develop the precise procedures and clear them with OPM.

2. A reminder that you were going to speak with the DDA about an idea of posting a notice to the Agency Day Care Center model. I know Bill Donnelly was looking for something from us and I don't want him to think we have forgotten. Thanks,
